

"I Am Born" Poem

I am born
in Lebanon Beirut
On August 23rd 2009
In rasoul a3zam hospital

I am born
In a country were people
are still fighting to survive

I am born where
I am still seeing pollution and trash
Wherever i drive

I am born
Here to thrive not to die

I am born
Here to get education
Because this is my nation

I am born
To be happy
Not to be like Jackie

I am born
Where the sun will rise
As corruption will fall
And peace will fly
Like a bird in the sky

I am born
Were the birds and butterflies flew around

To see me open my eyes

When i opened my eyes i saw everyone
Looking at me with their eyes

I am born
And i was the first cluster in my family

And the positive is that
On that day where in the 1978
A famous one was born
He's a basketball player!
I know he died
But his celebrity
Didn't hide

Do you know he is Kobe Bryant
