

MY FREEDOM DAY

I promise to take action
to help end slavery by:

1. Recognizing and staying vigilant to spot the signs of human trafficking.
2. Understanding online dangers and speaking up if I see a friend who might be making a bad decision.
3. Becoming aware of how goods are made. I will take into consideration a company's business practices when buying things like clothes, electronics and chocolate, then make my decisions based on how they treat their workers and the environment.
