

I AM BORN

March, 30, 2010

I am born on tuesday at trad hospital

beirut , lebanon

I'm born at a hospital where my aunts were born many years ago

I'm born not so far from Mother's day

as a gift to a beautiful lady

that became a mom

And her heart danced

from happiness and love

I'm born in a year where the lebanese people

were divided into two parties

Eight and fourteen of march

And where the politicians exploited

the people too many years

Stealing the country

Without any fear.....

But not far from my birth

The people revolted

Against injustice

And refused to bear again.....

So, they marched and fought for the bad authority

To get away

I am born in Beirut but  
All the lebanese regions  
Run like the blood in  
My body

I am born in a month  
Where many celebrities were born  
Something that makes me  
Believe that my future  
Will be bright as a  
Star in the sky
