Enrollment and Support Recommendation

Following our meeting regarding your child's academic performance and individual learning needs, and in accordance with our discussion, we recommend enrollment in the relevant Support Department program(s).

These services are designed to address the student's identified needs and support progress through an individualized plan, with services and objectives tailored to the student's profile.

Special Education	Fees per academic year: 2650\$
The program includes: - In-class support provided by a Special Educator, as appropriate. - Individual and/or small-group pull-out sessions based on the student's Individualized Education Plan (IEP). - Adaptation and/or modification of learning materials, classroom tasks, and assessments according to the student's needs.	
Speech and Language Therapy	Fees per academic year: 1650\$
The program includes: - Individual and/or small-group pull-out sessions. - Targeted intervention based on the student's individualized therapeutic objectives. - Monitoring of progress and recommendations to support the development and generalization of targeted skills.	
Psychomotor Therapy	Fees per academic year: 1650\$
The program includes: - Individual pull-out sessions. - Targeted intervention based on the student's individualized therapeutic objectives. - Monitoring of progress and recommendations to support the development of targeted psychomotor skills.	

The student _____ will benefit from the following Support Service(s):

I _____ acknowledge that the recommended support services have been explained and agree to enroll my child in the selected service(s) for the upcoming academic year, subject to the school's applicable policies and procedures.
